## FOR IMMEDIATE RELEASE

### U.S. 101 Petaluma River Bridge Construction Project

Northbound U.S. Route 101 to Be Closed Monday Night, July 20

Long Term Off-Ramp Closure Planned for August 2015

**Petaluma, Sonoma County** – Caltrans will close northbound U.S. Route 101 south of the Petaluma River Bridge on Monday night, July 20, from 11 p.m. to 5 a.m. This closure is necessary to complete a concrete pour for the new bridge.

- **Detour:** Exit at Petaluma Boulevard South. Continue on Petaluma Blvd. S., turn right on D Street, turn right on Lakeville Street, and continue to U.S. Route 101.
- This work is weather dependent. If work is cancelled due to weather conditions, it will be rescheduled.
- Please drive cautiously through the construction zone, leave a safe traveling distance between your vehicle and the vehicle ahead of you, and Slow for the Cone Zone. The California Highway Patrol will be on site during closures.

### Upcoming Long Term Ramp Closure

In early to mid-August Caltrans will switch northbound traffic to the new bridge over the Petaluma River, and southbound traffic will be shifted to lanes currently used by northbound traffic.

- When northbound traffic is shifted to the new bridge over the Petaluma River, the northbound U.S. Route 101 off-ramp to Petaluma Boulevard South will be closed for approximately two months while the contractor completes work on a new off-ramp.
- **Detour:** during this long term off-ramp closure, traffic will be detoured to State Route 116.
- Additional information will be provided as soon as the work is scheduled.

For more information about this Caltrans construction project, visit the website at <http://www.dot.ca.gov/dist4/101petalumablvd>.
